
Q&A Session #7, 2025

by Wes Penre, February 15, 2025

Welcome, and thank you for your questions! Please send more to wespenre2@gmail.com, and put Q&A in the subject line so I won't miss your email.

Please be as short as possible with your questions. I get too many long-winded emails, and I notice I hesitate to include some of them because I can't take the time to shorten them. So, please do the best you can to be relatively short. I understand that sometimes keeping it short is not an option to convey your message. Just doing your best is good enough.

If you want to check out any of my books, please visit Amazon.com. This link goes to a collection of all my books. Books are now translated into Spanish, German, Russian, Polish, and Estonian by different publishers, including Amazon. You can find more details following this link: <https://wespenrevideos.com/2024/08/28/wes-penre-books-published-in-multiple-languages/> (the German translations are also at [Amazon.de](https://www.amazon.de) to save shipping costs if you're in Germany). This will be updated once a newly translated book is published anywhere.

Please note! Suppose the question(s) you submit is/are omitted. In that case, it's usually for two reasons: I couldn't include all questions that week, so keep an eye open for one of the following Q&As, or for some reason, the question(s) did not fit the hallmark for a Q&A—perhaps too broad or complex to answer in this format. It's never because I think a question is “stupid.”

Unfortunately, I do not have time to watch videos that people sometimes send me as a part of the question. Instead, take the part of the video the question relates to and write that into the question. Also, please don't send websites or long PDF files I do not have time to read. When I receive these attachments and links, I must automatically disregard these questions unless I can comment on them without having to attend to the attachments.

Here is this week's session:

Question #1: The Technological Singularity could be fully implemented as late as 2045 and as early as 2035! I'm a Luddite & pessimist regarding ASI (Artificial Superintelligence) & Singularity, and you have stated that AI has been gathering information on each person who has interacted online and thus has a digital copy of our personality to be used in the Singularity. What exactly does that look like? Why shouldn't we fear the Singularity?

Comment: Everything you do online, on your phone, or on any digital device is immediately registered in the new “Akashic Records,” the Singularity AI Cloud. This is not conspiracy but mainstream, and we can see it happen daily. Just use ChatGPT or more advanced AI and ask them

Wes Penre Productions

questions about a specific person or a certain thing, respectively. Even if the person is an unknown figure, AI can tell “everything” about this person, depending on how active that person has been on the Internet. So yes, AI is creating our profiles in the Cloud. It works similarly to how the Akashic Records in the astral works, or the Grid, comprising the accumulative minds of the human soul group.

The Singularity Cloud, which the Technocrats want us to integrate with, becomes the new reality, where we can instantly connect with anything we want and is known to man. Today, we can google something, but we first must type in what we want, wait a few seconds, and then click on a link and read (or listen). This will be obsolete when we connect with the Cloud. We get answers instantly. The Internet will be inside your head (brain/mind). This is what technocrats like Drs. Raymond Kurzweil and Michio Kaku, in addition to other talking heads, mean when they say we’ll be a billion times smarter when we connect to the Cloud. This sounds enticing to some, but the EL-ites, and ultimately, the Khan Kings, will have complete control over us since they have control over the technology. We become a hive mind to a large degree.

The irony is that if we exit through the Grid (<https://wespenrevideos.com/category/exiting-the-grid/>), we can do all these things without technology and without being controlled. We have this innate within us.

The main reason we should not be afraid is that fear is the emotion where the vampires (the “Authorities” and the Khan Kings/Archons) can get to us and eat out loosh (energy), and we connect with their lesser frequency, where they can more easily get to us. The less fear we have, the more difficult it will be for those forces to have any impact on us. Instead, I suggest we concentrate on exiting through the Grid and think proactively instead of reactively (fear).

Question #2: I've been thinking. What is "sin"? Not sin as in what the AIF and Earth religions tell us it is, but TRUE sin, I mean.

Wes Penre Productions

For example, if a religion on Earth deems "laziness" as a sin, and I, as a follower of said religion, proceeded to be lazy for one day, have I truly "sinned"? That's obviously ridiculous. So what is true sin?

Comment: "Sin" is a loaded word. The closest definition I have seen and resonates best with me is the Gnostic version, which says sin is ignorance, and ignorance equals evil. Sin also keeps us in chains.

I am not a Gnostic, but I have studied many Gnostic texts, and they are, like everything else in this construct, distorted and usually inverted. There is profound information in the texts, but one has to read them with caution.

Still, I agree that staying ignorant is a "sin" against the Divine because evil is defined as ignorance. Acting in ignorance is reacting "out of mind," often leading to a lower frequency. Our job is to find ourselves in all this mess. The Gnostics call it "Gnosis" (Knowledge or Wisdom), a good definition. It means we must study and learn who we are, how we got here and why, where we're supposed to go, and how to get there. Once a person figures this out and chooses to walk along that path, he or she is no longer ignorant. At that moment and on, the person understands why ignorance is evil. They just need to look around and see ignorance/evil all around. Ignorance is, wittingly or unwittingly to side with the Khan Kings/Archons, who are also ignorant. IOW, we are disconnected from Spirit; when we are, we become predatory and toxic as individuals and a soul group. Only Knowledge and acting upon it can release us from our bondage.

Question #3: Concerning Marduk possibly being incarnated on earth as a Middle Eastern elite, how can he control humans in a human body himself? Do you suppose the minions/politicians, aka elites on earth, know who he is? How does he gain loosh if needed, and how would he interact with the rest of the Sirian controllers? Would these other Sirians also be incarnated, or would they be in the astral? I am thinking both. He would seem to have more limited power in a human body unless he is somehow superhuman. Also, wouldn't the other side try to take out any human they think is Marduk if they are on the side of Enki? Thank you so much, Wes!

Comment: I am quite positive that Marduk is incarnated in a human body right now, and I believe we need to look at the Middle East. He is never alone. He is the current Chief Commander of this Earth, and the EL-ites are his minions. They do as he says. Some of the EL-ites are humans, while others are Khan Kings. Often, it is hard to tell who is what because some humans are just as evil as Marduk himself, having completely taken on his persona—either from being possessed by Khan Kings or by generations of manipulation and promises of power and wealth in this world.

Most politicians and low-level manipulators don't know who is "the boss." This is what hierarchies and pyramids are about—power is delegated on a need-to-know basis. They tell their minions exactly what they need to know in the position of power given to them—not one word more. Only those in the top echelons of power know that Marduk is their Chief Commander; he is the Biblical Satan.

So, some Sirian controllers are incarnated here in human bodies; others control humans remotely through their DNA, whilst others operate in the astral. They are where they need to be. Some assignments can be done from the astral, and others must be hands-on in 3-D.

The Khan Kings always fight internally. We know the major factions as En.ki's and Marduk's clans, but there are more minor factions. These beings are very physical, contrary to spiritual humans, and they constantly fight for their position in the patriarchal hierarchal power to better ensure their survival. Therefore, any competition between humans is based on ignorance. The only competition worth its name is when we compete with ourselves to become less ignorant and regain our inner power.

Question #4: As it seems, humanity is utterly confused about who is who concerning the pantheon of gods. For instance, many think Saturn is Satan (Marduk) when Saturn is Lucifer, The Light Bearer. Some say Anu has claimed to be God, which is false, and there is more confusion. Perhaps the biggest stigma in Earth's history is that of En.lil (Ninurta). Everywhere I go on the internet, on social media, forums, etc., En.lil is put in a negative light. Meanwhile, neither Enki nor his son Marduk is blamed for anything. Why do you think this is? How beneficial is it for what you call The Alien Invader Force (AIF) to have humanity invert friends of humanity versus enemies of humanity?

Comment: It's mainly about manipulation and control. "History is written by the winners," as the saying goes. The Khan Kings gain from manipulating history in their favor and simultaneously giving us contradictory information. They confuse people and divide them. Some believe this, and others believe that. Thus, they can create conflicts that easily turn into war and further hate, fear, racism,

and other negative emotions, patterns, beliefs, and convictions that will further enslave mankind. Division is a major ingredient in their Global Soup.

Question #5: Are Allah, Brahma, Aten, En.ki, Lucifer, Yaldabaoth, The Monad, and "God" all one and the same? By saying "God," we acknowledge Yaldabaoth as the chief god! Both En.ki & his son Marduk (Belias) have taken on the role of Source/All That Is to the people of Earth, which makes both of them imposters, so how can we ensure our prayers are directed towards the True Source of creation?

Comment: It's simple, really. The True Source of Creation is YOU. You are human, so you are the source of creation on the Ultimate Level. You are Spirit, and Spirit is of the Spirit Realm. Again, I'll use a Gnostic term for the Spirit Realm: the Pleroma. The Pleroma is all around us all the time. It's the air you breathe, the "space" between objects, and much more. But essentially, it's YOU. If you want to pray, I'd suggest you pray to the highest version of yourself for assistance. You'd best pray to Spirit, not a deity or being. The latter would be less effective since *you* are the Crown of Creation as a Human, although we humans have forgotten that.

Question #6: I believe that each individual is responsible for themselves regarding salvation, so we (the general population) are literally the saviors we've been waiting for this whole time! How exactly can this be articulated? How do we save ourselves from ourselves, and what about the ET situation here on Earth?

Comment: We save ourselves through "Gnosis" (see previous comments in this Q&A). With Gnosis comes the detachment from the Matrix existence since we wake up to what this construct truly is. We realize there is nothing (literally nothing) in the Matrix that is worth attaching to since everything here dies, contrary to us in our spiritual form. In that form, we are immortal. Here on Earth, because of the way it's constructed, there is no way we can gain freedom and hold on to it.

Wes Penre Productions

Any freedom here is temporary and short-lived. Before we know it, we're trapped again. The only way to break that cycle is to leave the Matrix behind. Just as when you are connected to and affected by a narcissist in your life, there is no way to be free from them unless you disconnect and go "no contact" with them whatsoever and work on getting rid of all the manipulation and the lies the narcissist imprinted in you. It's the same with the Matrix, the Granddaddy of Narcissism. We must disconnect and detach from all of it to regain our freedom. Anything less than that, and we are still codependent to this System, which means we act following what the Granddaddy Narcissist manipulates us to believe.
